

WELCOME TO LEARNING PARTNERS ACADEMY TRUST

We are a Multi Academy Trust (MAT) with schools of all phases in and around Guildford. Collaborative and partnership working is at the heart of everything we do and stems from a belief that everyone deserves better, everyone is capable of being better and this can be achieved through a supportive community, built on working together and learning from a shared expertise. This way, we know that we will achieve our collective vision of leading schools where children thrive.

Our mission is simply to make schools better for children, by working together. We want to provide our young people with a safe, enjoyable and stimulating educational environment alongside a broad and balanced curriculum which is inclusive and reaches all learners. We know that retention and happiness of staff is key to success and we aim to provide professional development, support and opportunities to collaborate and continue one's own professional and learning journey.

Our MAT is not about direction from the top, but an all-inclusive approach to school improvement, and understanding the communities in which we operate.

We are driven by values of ambition, collaboration, inspiration, innovation and integrity; collectively these are the cornerstone to motivating both our young people and staff, to ensuring that outcomes are improved for all, and to preparing our young people well for their next steps in life as responsible citizens.
