

<b>Post title</b>	Teacher of Economics (0.4-0.8 FTE)
<b>Responsible to</b>	Headteacher(s)
<b>Salary range</b>	Qualified Teacher Pay Scale

### Role outline

Surrey Maths School (SuMS) is seeking to appoint an inspirational teacher of Economics to work in a unique environment – a new specialist Maths School for 16-19 year olds – setting up and developing the Economics curriculum. This teacher will generate enthusiasm for the subject and inspire all students to work to their potential.

### Responsibilities

#### Economics Teaching

- a. Support the school in developing an innovative approach to teaching economics so that all students are challenged and supported.
- b. Lead on developing the curriculum, scheme of work and resources for Economics A Level.
- c. Teach on the Economics A Level, problem solving and challenge programmes.
- d. Support the delivery of the outreach programme as directed by the Lead Teacher of Outreach (this may occasionally be outside of the core working hours).
- e. Provide additional support to students (1-1 and in small groups) outside of their normal lessons.
- f. Provide feedback on homework and assessment to students, contribute to written reports and references, and communicate with parents and carers about student progress as required.
- g. Engage with the teaching community at SuMS by participating in lessons observations, drop-ins, and learning walks and contributing to CPD.
- h. Contribute to intervention sessions at lunchtimes and after school.
- i. Actively promote equity and diversity through the planning and delivery of inclusive lessons, in line with the school's values.
- j. Take on the responsibilities of running a tutor group.

#### Other

- a. Take on any additional reasonable responsibilities as directed by your line manager.
- b. Be a proactive and positive member of the school community.
- c. Contribute to whole school activities and the smooth running of the school such as by undertaking the role of tutor and delivering PSHEE, providing cover for absent colleagues, undertaking duties and invigilation support as needed.

Person Specification These will be assessed through the application form, the interview process and references.	Essential	Desirable

<b>Other requirements</b>		
Capacity to work on 2 or 3 Saturdays per academic year		X

**Surrey Maths School is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share and demonstrate this commitment.**

The job description above should be read in conjunction with the details laid out in the school information pack. Whilst every effort has been taken to explain the core responsibilities of the role, it is impossible to list all individual tasks in the context of a brand-new school.

As the post-holder and school both develop, there will inevitably be some changes to the duties for which the post is responsible. This is the nature of an expanding school and part of what is exciting about the project, so we hope that the post-holder would be happy to adopt a flexible approach to work. Any necessary training and support will be provided by the school.
